

# Aayush Sharma

## Web Developer

☎ +91 7065959964 @ aayushsharma7065@gmail.com 📍 Gokal Puri, Delhi ☆ <https://github.com/aayush-webdev>

## SUMMARY

Web Developer with hands-on experience in building responsive, user-centric web applications using React, JavaScript, HTML, CSS, and WordPress. Proven ability to deliver real client projects through internship and freelance work: API integrations, workflow automation, reusable component development. Passionate about writing clean, maintainable code and growing in a production-driven development environment.

## EXPERIENCE

### Web Development Intern

#### Syntax World

📅 10/2025 - 12/2025 📍 Laxmi Nagar, Delhi

Gained practical experience in front-end development

- Developed and maintained code for 4 client websites primarily using HTML, CSS, JavaScript and React.
- Collaborated with a team of 5 developers in a structured development environment.
- Worked on API integration and developed functionality for systems using APIs.
- Built reusable React components and managed application state to improve scalability and code reusability.
- Developed modular, component-based UIs in React, following best practices for maintainability and performance.

### Freelance WordPress Developer

#### ApexReach | <https://apexreach.in>

- Tech:** WordPress, Elementor, HTML, CSS.
- Independently designed and developed a complete WordPress website for a client.
- Handled the project end-to-end, including requirement understanding, site structure, and deployment.
- Implemented responsive design for desktop and mobile devices.
- Customized WordPress theme and layouts to match the client's business needs.
- Ensured a clean UI, proper navigation, and a basic SEO-friendly structure.
- Delivered the project as a solo freelancer, managing both technical and design responsibilities.
